

# Sacred Heart of Jesus Catholic Church

Needs Analysis – Preliminary Data Analysis

June 24, 2009

Parishioners at Sacred Heart of Jesus Parish in Seattle were offered the opportunity to complete a survey designed to help the parish “better understand parishioner needs, discover areas needing improvement and solicit new ideas that will create a more fulfilling faith experience for all.” Responses received on the printed form and through the internet are reported here.

Parishioner responses are presented for the entire group of respondents as well as for key subgroups in the parish organized by life status (a combination of age and household composition questions). The distribution of respondents by residence (ZIP code), and parish involvement (a combination of years in parish, frequency of Mass participation and self-rating of involvement) is displayed below.

## Personal Information

| Key respondent characteristics              |                                | Number     | Percent       | Average age | Average years in parish |
|---|--------------------------------|------------|---------------|-------------|-------------------------|
| Sex   | Male                           | 62         | 33.3%         | 48.3        | 7.8                     |
|   | Female                         | 90         | 48.4%         | 53.3        | 11.5                    |
|   | Answering as couple*           | 26         | 14.0%         | 60.7        | 14.1                    |
| <b>Total response forms</b>                 |                                | <b>186</b> | <b>100.0%</b> | <b>53.6</b> | <b>11.0</b>             |
| Age group                                   | 20 to 29                       | 27         | 12.7%         | 25.4        | 6.7                     |
|   | 30 to 39                       | 37         | 17.5%         | 34.5        | 6.1                     |
|   | 40 to 49                       | 24         | 11.3%         | 45.0        | 5.9                     |
|   | 50 to 59                       | 29         | 13.7%         | 55.0        | 8.9                     |
|   | 60 to 69                       | 46         | 21.7%         | 64.1        | 13.6                    |
|   | 70 or older                    | 41         | 19.3%         | 81.2        | 19.3                    |

## Section 1: Ministry

Parishioners were presented with a list of parish programs or services and asked to indicate how important each was to them personally and then indicate how satisfied they were with each as Sacred Heart currently offers them. Each of the subsections is displayed separately below.

| Worship   | Average score by Life Status |                           |                              |                              |                      |             |   |                           |                              |   |                      |             |
|---|------------------------------|---------------------------|------------------------------|------------------------------|----------------------|-------------|---|---------------------------|------------------------------|---|----------------------|-------------|
